# FROM THE PRESIDENT'S DESK

**Dr. Alka Kriplani**  
"Padma Shri" by  
President India- 2015  
President FOGSI- 2016

## Dear FOGSIANS,

At the outset I would like to thank The Almighty and my esteemed FOGSI friends for giving me the privilege to be the 59th president of FOGSI. I have accepted this great responsibility with all humility and with a hope to bring about a change.

FOGSI is one of the largest organization of specialized professionals with over 32-33000 members spread over 237 societies. I promise to do my level best to uphold all that this mammoth organization FOGSI stands for, and with your help and support, take our organization to even greater heights. I am indebted to all the Presidents who preceded me and cultivated FOGSI as the legacy of academic perfection & innovation that has left a profound mark on all of us. **So, we are looking further by standing on the shoulders of the giants (very well said by Newton).** I thank them and am humbled to follow their example and with help from all of you, we will extend and enhance FOGSI's remarkable legacy.

The theme for 2016 is: **"Preventing the Preventable, Bridging Gaps in Women Healthcare"**. Hence focusing on the prevention in the women's healthcare, it is my heartfelt desire to work towards preventing and bringing down the maternal mortality, unmet need for contraception and the genital malignancies.

My vision of FOGSI is to make it the lead organisation working towards advocating and promoting women's health and reproductive rights using scientific evidence and following the highest ethical standards through it's membership of committed professionals. I aim to fulfill the FOGSI's vision through various missions as follows-

**FOGSI encourages dissemination of knowledge & education as well as research in the field of OBG in India.**

**"Bridging the gaps in Womens Health care"** I firmly believe that knowledge is the panacea for all our woes. **"If you have the knowledge, let others light the candles in it"** The reality is that there is such a marked disparity between the various levels of health facilities in our country. With the help of my team we have conducted workshops/ CMEs/ Conferences on various topics at various places throughout the country. The year started with a conference on a very pertinent topic "Critical Care in Obstetrics" the need of hour and with aim of atleast a event per month we were able to conduct 9 conferences till april 30TH 2016.

- 59th AICOG, Agra, 13-17th Jan'16, total delegates-10,000.
- Critical Care, Delhi, 12-14th Feb'16, total delegates-558.
- YUVA FOGSI, West Zone, Rajkot, 4-6th Mar'16, total delegates-400.
- High Risk Pregnancy, Obstetrics Sonography Modern Technology, Aurangabad, 18-20th Mar'16, total Delegates-546, Total-Faculty-138.
- YUVA FOGSI, North Zone, Ghaziabad, 1-3rd Apr'16, Total delegates-800.
- GOAL, Delhi, 9-10th Apr'16, total delegates-512.
- SAFOG, Mumbai, 15-17th April'16, total delegates-

- High Risk Pregnancy, Kolkata, 22-24th Apr'16, total delegates-535.
- Managing Committee Meeting, Gurgaon, 30th Apr-1st May'16, total delegates

It is my ardent wish and passion to bring standardization in training and education and academic enrichment by disseminating knowledge through FOGSI Conferences and CMEs, workshops and certification courses and providing Good Clinical Practice recommendations. This year FOGSI President is committed to formulate and circulate the Good Clinical Practice Recommendations on important clinical issues to empower our members with evidence based knowledge and enhance their clinical skills. The good news is that one GCPR on AUB is already released by in New Delhi on 8th May 2016.

- GCPR on Abnormal Uterine Bleeding (AUB): Diagnosis & Management is published and released by the FOGSI President on 8 May 2016.
- GCPR on Anaemia Prevention & Management, Expert group meetings on 18 Sept & 4 Dec 2015
- GCPR on Preconception Care, Expert group meeting on 8th March 2016, Delhi
- GCPR on Endometriosis, Expert group Meeting on 29th April' 2016, Gurgaon
- We had promised the 7 official FOGSI publication of FOGSI FOCUS on pertinent topics in obstetrics and gynaecology and dear members we have published one and will be releasing three more soon.
- FOGSI FOCUS on Preconception & Antenatal care Update has already been released on 15th Jan 2016 in the first MCM at 59th AICOG Agra.
- FOGSI FOCUS on Amniotic fluid is ready to be published in South Zone YUVA FOGSI at Madurai on 21-22 May 2016
- Anaemia in pregnancy & Adolescents and PCOS are in last stages of editing and may be released at FOGSI FIGO BBC, Pune on 23-25 June 2016.

**FOGSI works to pilot and promote preventive & therapeutic services related to health care of women and children.**

At the same time basic training courses would be made available for Training doctors and paramedical staff in giving quality healthcare. Teaching in our medical colleges also needs the advancement and we should provide best possible training to our youngsters.

- A concept note for strengthening capacity building for medical college faculties on MoH guidelines has been discussed with to Dr Baswal and JSI.
- For our members, we have finalized **certification courses** on important clinical subjects as **Combined Hormonal Contraception, PCOS, AUB-HMB, GDM** and soon they will be rolled out.
- To address only pregnancy and postpartum issues is like looking at the tip of the iceberg. So we started where

it all starts... with the girl child.. **“A healthy girl begets a healthy mother”**. There is the problem of adolescent anemia and malnutrition which is prevalent in an alarming proportion of girls. To combat this huge problem, we launched a country-wide project **“AGRIM” Gramin Mahila Swasthya Jagrukta Abhiyan: A FOGSI Initiative with Practical Obstetric Committee-Public Awareness committee)** with Emcare for spreading anaemia awareness among community in villages including adolescents, school teachers by campaigning in school, colleges, organizing youth melas etc. We are going to propose good clinical practice recommendations.

- Project “Naari Shakti: Preventive health care for Indian women”. We are also going to start a certification program on Maternal & Neonatal Health & Nutrition in collaboration with India's pioneering medical associations. There will be experts from multi-specialities including Gynaecology, Endocrinology, and Nutrition.
- LEAL 2016-CMEs, FOGSI Alembic Initiative on teaching and training on Lactation, Emergency Obstetrics, Adolescence and Fertility of women first was held on 22 April 2016 at Alwar.

#### **FOGSI also serves to advocate the cause of reproductive and sexual health and rights.**

Before looking in to the inadequacies of pre and post natal care it is important whether she wanted to get pregnant in the first place. And why is that she is unable to regulate her reproductive life. India has a TFR of 2.6 which can only be controlled by effective contraception. On this platform, I appeal to you to join me in wholeheartedly supporting these endeavours and doing our bit for the women kind. By educating them, respecting them, empowering them, investing in them and protecting them, we can bring this maternal mortality down by no less than 80%.

- Meeting with Population foundation of India to promote hormonal injectables and implants for contraception in India the 10th Feb 2016
- Meeting with PSI (Population Service International) officials to strengthen Family Planning Services in India, 3rd Mar'16
- 5th April' 2016 Delivered Lecture on role of FOGSI at National Family Planning Summit, With Dr Bulbul Sood (JHPIEGO), Dr Pratima Mittal, With Dr Rakesh Kumar (MoHFP), Dr Jyoti Bali

Looking beyond pregnancy and its complications, another mammoth problem due to which women are needlessly dying is the problem of gynecological cancers. India attributes to 27% of all cervical cancer deaths in the world. One out of every 4 women dying due to cancer cervix is an Indian. With the availability of primary and secondary prevention, it is possible to prevent 9 out of the 10 deaths attributable to it. What we need is to be aware and be committed and motivated that each and every women who comes in contact with the caregiver is at least advised a basic screen and possibly HPV vaccine.

- 22 Feb'16 Meeting at PM Office in Delhi for HPV vaccine availability to adolescent girls
- Leadership Training Program in Colposcopy for cervical cancer control at Delhi, 4th April'2016

FOGSI considers the reduction of maternal mortality in India as its primary mission

Though the figures show that the mortality has dropped by 66% from 1990 to 2010, India still has by far the highest number of women dying during childbirth on the planet each year.

This is not to say the efforts are any less. The causes of mortality have been looked into many times over. The government programs promoting institutional deliveries have really made a dent on the mammoth problem.

So, every effort counts especially coming from us, because we are caregivers.

- JSI meeting to reduce MMR by training in management of PPH with Dr Baswal (Health Ministry) 12th Feb'16
- WHO Meeting at Maldives: 16-18th Feb 2016 Agenda: Reducing MMR
- Meeting with JHPIEGO To start a study under maternal and child survival programme 12th April'2016, Delhi
- FOGSI will continue to run one-day certification program GESTOSIS on management of hypertensive disorders in pregnancy

#### **FOGSI supports & protects the interests of practitioners of OBG in India.**

For the benefit of members, other pertinent activities like KAVACH, violence against women, PC-PNDT awareness program were be organized.

- 5th April' 2016 CSB meet with Hon Health Minister Shri JP Nadda, Dr Prakash Trivedi, Dr Rajnikant Contractor, PCPNDT Official Mr Manoj Jha to solve issues on PCPNDT
- FOGSI is deeply concerned about increased incidences of attacks on doctors & clinical establishments across the country and core committee meeting on Violence against Doctors Cell, ART Bill 2014 Regulation Core Group was held and Suggestions for doctors were discussed

#### **FOGSI for women**

**Violence against Women:** Over 1/3 women worldwide have been a victim of physical and/or sexual violence. But 60% of all women victims of violence still do not report it or seek any help. According to a report by Thomas Reuters, India is ranked fourth among the most dangerous countries for women, which is a real pity. **“If the 19th century was about abolition of slavery; 20th about putting an end to the racial discrimination; the 21st century is about bringing gender equality; today is about women empowerment!!”**

- FOGSI has taken the lead to Update all clinicians/postgraduate students /staff of various Medical Colleges on legal, criminal, judicial, forensic and health related procedures. The first pilot programme for Violence against women was done at Nasik
- FOGSI Initiative to Ensure right practices are followed by our doctors, facilitating justice for the Victim / Survivor and prevent criminal action against themselves through the **“STAR Program” with support by the “Kavach Program”** of Spectra Division of Sun Pharma.

With FOGSI let us set a benchmark for all of its societies with objectivised expectations. We emphasize involvement of all member societies with active participation of committee chairpersons to encourage academic enrichment, and spread of evidence-based practice and bring about uniformity in teaching and training. Let us unite in one direction to bring and welcome this change!

**Mittron ke samman prem ka, kann- kann mera abhaari hai !**  
**Ashaon per khara utarna, ab yeh zimmedari hai !!**

**Long Live FOGSI !!**

It is our privilege to present the 56th Annual Report to our membership. We take this opportunity to present to you some of the important initiatives taken over the year.

The evolution of FOGSI into one of the largest membership based organizations of specialist professionals was nurtured by a unique organizational structure conceived by visionary pioneers. The governance and administration of an organization of 236 member societies and over 32,000 members is an important and a constantly challenging task.

FOGSI has a unique governance structure built into its DNA where all the arms of FOGSI need to function in harmony. The office is a well-oiled machine built upon the foundation provided by all the past secretary generals which runs efficiently and silently. The office has 16 full time staff working in a coherent and structured fashion. We run a flat organisation and that makes us uniquely efficient. Systems established in the past are being strengthened.

The FOGSI Website continues to attract a large number of visitors. After the redesign, consolidation and editing of its original 720 pages the website now has 610 pages. In the last year the website has been updated with 294 pages. The website hosted 62645 users with 97634 sessions and 330268 page views.

The SMS Software continues to prove its utility with messages being used to reach out to our members. The membership management is in beta testing and we hope to roll it out to societies by January next year. We request our societies to kindly send us data which is as closely verified as possible. The FOGSI app has completed development and is now waiting for registration. It will then be available in beta to some users and will be rolled out to members in January 2017.

The FOGSI Journal carries clearly branded FOGSI pages through which the office communicates important information to the membership. During the year 2015-2016 there were three meetings of the Journal Committee held at Ahmedabad. A total of six

issues of the Journal pertaining to Volume No.65 and 66 were published and distributed amongst the 236 affiliated societies of FOGSI. In the PICSEP activities 8 workshops of Science of Research Methodology were held at Amritsar, Trivandrum, Durg, Indore, Navsari, Tirunelveli, Visakhapatnam and Kalyani. The Editors of the Journal adopted advance revenue policy for the printing of the advertisements in the Journal.

The office hosted meetings like the cell meetings, (PCPNDT, Violence against Women Cell, Violence against Doctors Cell, Art Bill Regulation Core Group), Conference Conduct committee meetings, Conference conduct committee meetings, meetings with varied organisations like FIGO and Avni for the PPIUCD Project, meeting for GCPR on Progesterones in Early Pregnancy, FOGSI – PSI and Abt Associates meeting, meeting of stakeholders in New Born Screening (NBS), Important meeting with related to ACOG and FOGSI Collaborative work, meeting between FOGSI & JSI to promote maternal health, intervention across the country, PPIUCD Software Training. Also held training to Trainers (TOT) for combined MICO-MRCPI Part 2, ICOG Refresher MICO-MRCOG Part 1 examine, ICOG Refresher MICO-MRCPI Part 2 examine, Training to Trainers TOT for MRCOG Part 2 exam, ICOG-Academic council meeting.

The tragic flood events that unfolded in Chennai last year, FOGSI contributed Rs.5 Lakhs for rehabilitation work that has been conducted by the K. P. Janaki Amma Memorial Trust of Welfare of Women & Children. The fund will be used to offer medical relief and care.

Ms. Varsha Pagade completed 25 years of service and we wish her all the very best for future endeavor.

We would like to thank our office staff, Dr. Parikshit Tank and Dr. Ameya Purandare for their assistance in compiling this annual report and Printrade issues (I) Pvt. Ltd., for preparing for us this document of archival value.

## VENUE :

Kalakriti is the largest and most spectacular handicraft emporium in Agra. It stands over 10,000 sq. meters. It is a three story fort like building and an amazing experience begins right from the entrance door, which is studded with semi-precious stone and designed to resemble famous monument of Agra, 'Buland Darwaza'.

The "FOGSI City" for AICOG 2016 Agra, was built on Kalakriti ground which is just adjacent to the Kalakriti Handicraft Emporium. This lush green ground is spread over 3 lakh sq.ft, with similar greenery surrounding it. Its freshness boosts up the energy level & rejuvenates. The conference venue is in close proximity to the world famous 'Taj Mahal' (approx 1.5 km) & all major star hotels within 3 km radius.

It took us about 20 days to complete this massive structure – within an area of 300000 sqft covering 12 major halls, 10 paper halls, lunch and dinner areas and also our very beautiful and huge registration area. Everything was planned for the comfort of our delegates.

The conference started on 13th January with 18 pre-congress workshops which included 3 live workshops on Vaginal Hysterectomy, Laparoscopic Surgery and Hysteroscopy and Colposcopy. More than 3100 delegates attended these workshops.

The morning of 14th January started with the flag hoisting at 8 am which marked the opening of this conference. Also done differently where we launched our new NATIONAL ANTHEM by the Team and also a movie AGRA MONTAGE which depicted all beautiful monuments. This was given to all delegates in their conference USB.

From 9 am to 1 pm we had oration of CG Saraiya CME which was attended by more than 3500 people was a huge success and very well appreciated.

This was followed in the afternoon by 9 free workshops conducted by outgoing chairpersons of FOGSI from 2 pm to 4 pm.

Followed by inauguration of the conference which was graced by the Union Health Minister Sri JP Nadda, Union Minister of State for Human Resources Shri Rama Shankar Katharia and MP from Chandigarh Mrs. Kirran Kher.

From 15th to 17th January we had 8 halls simultaneously running with countless lectures, Keynote addresses, Capsules, Panel discussions and debates. Everyday we had one oration. On 15th January we had FOGSI Amadeus Shreyas oration on "Advances in Human Reproduction, Where we are and What is Coming" by Dr. Schatten Gerald P from USA. On the 16th January we had FOGSI oration on "Strides Towards Future" by Dr Suchitra Pandit past President FOGSI from Mumbai. On the 17th January we had FOGSI MSD oration on "Tailoring the Contraceptive Methods to the Individual Women" by Dr Heather McNamee from Australia.

Besides the scientific program we had sessions on How to improve FOGSI and FOGSIANISM, Healing, and Health and Looking Good, A Workshop on Abdominal Girth Reduction, a session on SAVE GIRL CHILD INITIATIVES—A Public Forum on Beti Bachao Beti Pado. Another interesting session was on Life of Gynaecologist - unplugged opinions. Topics covered were - Shaping Your Own Destiny, Humour in Gynecology, Working in Rural Setting, Social Media and Gynecology, Webinars—The New Way for Education, Women Empowerment, Violence Against Doctors, and Harassment of Doctors.

As the conference dates covered many festivals, we made it a point to not let any delegate feel he has missed on the celebrations due to this, rather he should remember that he once celebrated these festivals in a completely different way. Our team's planning made it possible to make each of the festivals, right from Lohri Night on 13th Jan followed by Makar Sankranti, Uttarayan, Bhogali Bihu & Pongal on 14th Jan, a special gala night - "Shankar - Ehsaan - Loy" on 15th Jan & our Banquet Dinner

## What AICOG did differently in Agra

By: Dr. Neharika Malhotra Bora

Well, AICOG Agra is over and we got tremendous appreciation. Hard work and meticulous planning for more than a year paid off. We tried many new things in this AICOG Agra, a few were:

1. First of all, we constructed our own AICOG CITY—A complete temporary fabrication made from Japanese structure. We constructed an area of more than 300000 sq ft, covering 12 major halls, 10 free paper halls, lunch and dinner areas, 2 exhibition halls, registration area etc. It took approximately 20 days to complete the construction work.  
GO GREEN - our main motto. We tried to limit the use of papers and also did not use any cut flowers in the conference. Conference USB sent to all with souvenir, abstract book and other conference materials to save paper and printing. Even we created the final announcement brochure in electronic version. WE HOPE THE FUTURE AICOGS BECOME PAPER FREE !!!
2. Free conference book. First time in AICOG, a conference update book was given free of cost to all delegates. We believe in imparting knowledge.
3. Celebrating all festivals with great fun and food we tried to follow all festivals on those days so no one missed home...Makar Sankranti and Kite Flying was our highlight. My favorite – Mayuri's – Pollution free drive at your own AICOG city.
4. We believe in hygiene and health so we constructed our own toilets. We cared for your health.
5. Faculty certificate received by email. Unique examples created.
6. We used social media and modern communication for registration and publicity ... Agra special!!! Everything was on the GO! AICOG App specially made for this conference. We worked hard on our registration system. We mailed receipts with barcode. Barcode reading for receiving kit which avoided proxy by asking for identity cards and a welcome SMS immediately after entry. Barcode also helped us simplify the system at lunch and dinner areas and of-course helped us save printing coupons and save paper. The ability to collect conference badges from any hotel was a novelty.
7. Youth brigade every day in all halls gave ample opportunities and encouragement to young members.
8. Our highlight also was to have a public theme we choose— save the girl child and women empowerment. A beautiful rally was planned and at flag hoisting, save the girl child wall was built and a pledge was taken by those who were present. Tamanna, our brand ambassador for women empowerment was a great role model and really sent beautiful message to the public. Kirron Kher also gave insights for women empowerment.
9. Social and public programs everyday was organized from 5-7 pm for everyone. To make us health conscious and to discuss issues and of course we even had a program of Antakshri. Save the girl child public forum was well appreciated too. The need of public forum was to keep sensitizing all of us from time to time and encourage us to work towards a better future.
10. We tried our best to provide good food, great ambience and loving hospitality.  
We also printed a AICOG times daily during the conference for info of what happened with the highlights.
11. Medical health stall also was available for anyone who needed medical help.
12. Our scientific program maintained a very high standard and was planned by great thought.  
Our beautiful memento, depicting love, was specially made for this AICOG. We also tried to inculcate our workmanship in our delegate bags and used Uttar Pradesh craftsmanship to make the bag and promote our own city and state.
13. First time ever Round the clock LIVE HANDS ON WORKSHOPS were conducted .more than 500 delegates benefitted from these.  
We from the Agra Obstetrics & Gynaecologist Society thank each and every faculty and delegate for a full heartily participation in 59th AICOG Agra. We sincerely hope that you all spent quality time. And we really loved having you all at Agra!!
14. We also gave you our best entertainment.

# REPORT FROM YUVA FOGSI CONFERENCES

## Report of the East Zone Yuva FOGSI 2015

The Yuva FOGSI Conference 2016 was held at Hotel Blue Lily, Puri from 6th – 8th November. This conference was a successful academic feast under the able guidance of Dr Prakash Trivedi, President FOGSI 2015, patronage of Dr. P. C. Mahapatra, Past President FOGSI and the astute organising capability of Dr. Sujata Misra, Vice President, FOGSI 2015. Organised by the Balasore society, this conference, true to its name, had Yuvas under 40 yrs. of age as the main organizers of the scientific sessions, workshops and entertainment programmes. The PG dept. of OBGYN, SCB Medical College played a pivotal role in the organization and it was credited with 10 credit points. Attended by 348 delegates, there were three workshops on Infertility, Laparoscopy and Ultrasonography, 20 committee workshops were conducted during the course of the scientific sessions with the aim to involve as many committee chairpersons as possible, hence giving them a forum for scientific activities.

### INAUGURATION

The organizers were delighted to have Dr. Prakash Trivedi,

Dr. Hrishikesh D. Pai and Dr Jaydeep Tank for the inaugural ceremony. The organising Yuvas too were present for the lighting of the lamp. It was indeed a proud moment when the Organising Yuvas too were felicitated by the President FOGSI 2015.

### Scientific

With 28 sessions accommodating 42 national faculty and 56 local faculty (more than 60% being Yuva), the scientific sessions were a success. The Kamini Rao YUVA FOGSI Orator from Shillong was largely applauded. They were 40 free papers and 10 posters presented by our Yuva speakers.

### Entertainment

The Entertainment programme showcased the young and the old with a tilt towards the young.

It was a conglomeration of music and dance.

The valedictory session was a serene reflection of the camaraderie and scientific benefit of a wonderful conference.

# FOGSI PROJECT REPORT

## 1. Report of EmOC Project by Dr. Prakash Bhatt

Since 2006 FOGSI/ICOG has been conducting the EmOC program in partnership with Government of India – Ministry of Health and Family Welfare, the respective State health & family welfare departments and AVNI. The purpose of the program has been to train MBBS doctors in comprehensive obstetric management, whom the State health department may then post at FRUs, delivery points, 24X7 PHCs so as to attend the emergencies relating to pregnancies and child birth, thereby prevent the maternal and infant deaths and thus help in reducing the MMR and IMR in the medium and long terms.

In the year 2015 – 2016, 82 medical officers have been trained in EmOC and 12 additional master trainers have been created for the program. Cumulatively, through the EmOC program 5 nodal training centers, 34 tertiary training centers have been setup, 221 master trainers and 401 district hospital trainers have been created who have trained a total of 1763 medical officers in EmOC.

## 2. Report of FOGSI FIGO PPIUCD Project by Dr. Hema Divakar

In 2015, FOGSI in partnership with FIGO and Ministry of Health and Family Welfare, Government of India implemented the PPIUCD project to institutionalize immediate Post-Partum IUCD services. The program holds tremendous importance as it is in line with Gol's new strategic direction to not only achieve population stabilization but also to reduce maternal, infant and child mortality. Gol's redesigned focus is on spacing methods, especially, IUCD (both post-partum and interval). In phase one the PPIUCD program was launched across six centers located in four States of our country. Program management, planning and implementation support for PPIUCD program is being provided by FOGSI's long time partner AVNI. The program aims to achieve the following objectives.

1. To incorporate postpartum IUCD services as a routine part of antenatal counselling and delivery room services in India, resulting in increased use of postpartum IUCD services by women delivering vaginally or by caesarean section in the participating centers.
2. All health providers trained in provision of PPIUCD services and continuing to work in antenatal and delivery room services to provide PPIUCD services.
3. Health providers who have been trained but rotate to other facilities continue to provide PPIUCD services.

As on date all the six centers put together have counselled 77000 pregnant women, delivered 42000 women and inserted a PPIUCD in 6200 women through the support of 550 healthcare providers who have been trained for the same through the PPIUCD program. The six centers are Government medical college – Surat, Topiwala National Medical College & B. Y. L. Nair Charitable Hospital – Mumbai, The Nowrosjee Wadia Maternity Hospital – Mumbai, College of Medicine & JNM Hospital – Kalyani, JSS medical college and hospital – Mysuru and Chittaranjan Seva Sadan and Sishu Sadan Hospital – Kolkata.

## Report of FOGSI Women Empowerment Project by Dr. Suchitra Pandit

- During my Presidential tenure we had initiated the FOGSI Women Empowerment Project.

For which we had collected some funds. This was with an idea to carry on some social activities like the Youth Melas initiated in my year, activities of the Youth Cell and the Adolescent committee including Youth Rallies. It also included activities related to Women's empowerment.

- Empowering Youth ... Transforming Lives & Making a difference
  - To execute programs for health with supervision from doctors.
  - Encourage students to attend health meetings e.g Youth Melas conducted by Doctors.

- Spread the word about respect for women in all roles.
- Encourage participation in health camps where students get information from their peers about aspects like diet / exercise / avoidance of tobacco, drugs / alcohol / cleanliness.

- Motivation to have a rally/ meetings / public forums

In continuation of our efforts to reach out and impart scientifically correct information & knowledge, regarding health, safety and over all wellbeing we had an Informative & Interactive program called 'YOUTH MELA' for empowering the YOUTH – the future generation! Youth Mela conceptualised by Dr. Suchitra Pandit, President FOGSI - 2014 supported by Dr. Jayam Kannan Chairperson FOGSI Adolescent Health Committee, Dr. Priti Vyas & Dr. Sanket Pisat - National Coordinators. It is 2-3 hours program, for boys & girls (15-24 years) which starts off with a symbolic sapling plantation.

# FOGSI PROJECT REPORT

The following topics are included :

- Self-Presentation Skills
- Nutrition & Prevention of Anemia
- Staying Fit

Dr. Revathi Janakiram from Madurai carried on Adolescent Health meet at Lady Doak College Madurai 600 girls attended in August 2015.

Dr.Archana Chauhan conducted a wonderful Youth Activity at Bhilai with a small symbolic walk with young girls and followed by a talk by myself with plenty of interaction in August,2015

I conducted a program at Tarapur Mahila Mandal and discussed health issues in young girls and women .Emphasised the importance of education and women's empowerment August 2015

Myself & Dr.Jatinder Kaur had an educational program at at Vasai Gasvillage in October,2015 regarding Adolescent problems & those of Reproductive age group

Adolescent Health program at Nashik by Dr.Gauri Karandikar in 2016

Jabalpur had two big Youth Melas and a Youth rally in February,2016 conducted by Dr.Richa Baharani . Dr. Shobha Gudi & Dr. Sheela Mane have done Youth melas at PG college at Seshadripuram in 2016

The Womens Empowerment Project has been financially supporting some of these activities

We discussed about importance of the girl child and what empowerment means.

In 2014-2015 was the year of great work in adolescent health and the concept of Youth Rallies was initiated with help of Dr.Jayam Kannan and team. The Flag hoisting held on the first day of AICOG held at Chennai was memorable as more than 800 students marched up with social messages and attended the flag hoisting which was normally attended by only FOGSI office bearers . This inspired us to do the activity with more zest at an all India level the following year. So a Youth rally for the AICOG AGRA 2016 from Kanyakumari to AGRA was proposed .We got all the support from Dr.Prakash Trivedi President FOGSI 2015 Team AICOG AGRA 2016 under the leadership of Dr. Jaideep Malhotra and Dr.Narendra Malhotra.

All FOGSI societies were informed .Jayam Kannan spearheaded the whole program with tremendous help from Dr.Sampath Kumari, Dr. Charmila , Prof Manimegalai. Bharatidasan and team from the university women's studies department and many others. Extensive planning for train journey from Kanyakumari to Agra was done. Minimathon at Nagercoil on 9th January, 2016 followed by flagoff at Kanyakumari from the Vivekananda Rock by Dr. Hema Divakar FIGO representative ,Dr.Jayam and Dr.Charmila. After a meeting, 25 students set off with the team to Agra greeted at various places enroute Dr. Gayathri at Tirunelveli , Dr. Revathy Janakiram at Madurai, Dr. Amala at Dindigul with 14 members joining the team at Chennai.

Dr.Sampathkumari had organized a Youth Rally at Marina beach rally at Chennai on 10th January ,2016. stressing the importance of safety of the girl child .The journey continued to AGRA from Chennai . On the way the group was greeted by team Nagpur Dr.Laxmi Shrikhande , Bhopal team and Gwalior team. Finally the group reached Agra at 3 am in the winter morning .A grand welcome by the Malhotras and Team Agra awaited them. Photographs and press interviews were taken Times of India came out with the message of 3750 KMS rally.

AICOG Agra became the first convention to flag off with the torch received all the way down from the Indian south pole. Finally Flag hoisting with youth rally members was done on 14.th January,2016. A interesting roleplay on Save the girl child. was done .Dr. Jaideep Malhotra announced a gift of 100,000 rupees for the rally members education, which was distributed to the members.

Womens Empower Fund also supported the rally with some funds.

An activity for street children in Andheri area by myself and Dr. Jatinder Kaur.

Distribution of writing pads, organising games, distribution of one time meal was done by us.

# FOGSI PROJECT REPORT

Our Youth cell group also participated in the Times of India Equal Street activity on three occasions. Dr. Priti Vyas,

Dr. Jatinder, Dr. Anita, Dr. Dimple, myself some students & Neha Pandit. We walked the free allotted street on a Sunday with Placards regarding importance of fitness, good diet, Prevention of cervical cancer and Prevention of abuse to girl child and did minitalks with groups of young people walking the streets. This activity got immense popularity.

Each one Teach one group is a very favourite activity of mine and have many friends doing this. There is no financial investment and doesn't require any training, can be done as many times a day, week or month as wished. Any motivated person when in a good frame of mind one can talk to people about Clean initiative or stopping tobacco, smoking and spitting. There are no statistics to prove the success but one to one talking is very beneficial. Creating a cadre of peer group educators through this activity.

- Clean up initiative taken up at various levels, colleges, bathrooms, changing rooms, roads. This requires plenty of planning and motivation.
- Medical college initiative for prevention of cervical cancer – Dr. Jatinder Kaur does this awareness program every 2 months for young girls and ensures that atleast 10 girls get vaccinated every month. We discuss about this preventive aspect to all our young patients.

- We also participated in the Beti Bachao..... Beti Padhao program initiated by the government and supported by USV which had small important messages pertaining to the celebrations of the birth of a girl child, education and empowerment of the girl and prevention of abuse which was shown pan India with the help of NDTV.
- In this 21st century, empowering girls is very essential as it is their human right and this is only possible by educating them. Educating a girl is not a waste but it is investment to secure the future. In today's scenario sending girls to school today promises society with the needed professionals such as female doctors, nurses, teachers and counsellors who can support our community. Beti Padhao for a better India.
- We all need to stand together and end this discrimination against girl child and ensure our daughters get equal opportunity to shine – Beti Bachao for better tomorrow.
- On 8th March I gave a talk to all female employees of our hospital on 'How to take care of reproductive and mental health'. We discussed about changes brought about in society by educated and empowered women.
- FIGO survey done on Adolescent Health at Dindigul and Trichy by Dr. Jayam Kannan & Dr. Charmila.
- Gender Club meeting Trichy was carried out for sensitisation of girl child.

# FOGSI COMMITTEE'S REPORT

## Adolescent Health Committee

### Dr. Jayam Kannan, Past Chairperson, Adolescent Committee

Under the president ship of Dr. Prakash Trivedi the committee got permission to take a rally from Kanyakumari to Agra 2016 AICOG conference. This was also accepted gracefully By the Team AICOG AGRA 2016 under the leadership of

Dr. Jaideep Malhotra.

Extensive planning was done by the chairperson of the committee in consultation with all the affiliated societies. Travel by train from Kanyakumari to Agra was decided. Group ticket booking was effectively done by Dr. Charmila at Trichy station. Extensive help was gracefully provided by the Bharatidasan university women's studies department Prof. Manimegalai. Dr. Sampathkumari at Chennai was also taking steps to get students to join the rally.

Nagercoil society took effective steps to make a grand start with a mini-marathon at Kanyakumari. Dr. Hemadivakar FIGO representative made a grand start by flagging off the National Flag from the Vivekananda Rock, joined by Jayam Kannan with FOGSI flag, Dr. Charmila with AICOG Agra flag and torches. 25 students and Dr. Jayam Kannan, Sampathkumari and Charmila were given a rousing send off at Kanyakumari station. All were greeted enroute by Dr. Gayathri at Tinnevely,

Dr. Revathy Janakiram at Madurai, Dr. Amala at Dindigul. Another 14 members joined the team at Chennai.

The flags and torches were received with extensive hospitality at Nagpur by Dr. Laxmi Srikande and team, Bhopal team and Gwalior team. The team was given a rousing reception at 3 AM on 13th early morning by Dr. Narendra Malhotra and Jaideep Malhotra in person.

2016 AICOG Agra became the first convention to flag off with the torch received all the way down from the south pole of the Indian subcontinent.

Adolescent committee also got the credit of FIGO funding 6200 Euros for the Indian data collection on health provider's awareness on adolescent reproductive health. The same was credited into the FOGSI account and transacted.

I profusely thank Dr. Hemadivakar for the big kick start, Dr. Suchitra Pandit for the extensive enthusiasm instilled,

Dr. Prakash Trivedi for the onward March and Dr. Jaideep and Narendra Malhotra for their untiring support physically and financially. Also thank Dr. Charmila, Dr. Sampathkumari, Prof. Manimegalai of Bharatidasan University for shouldering my responsibility of this 3760 kms journey up and down.
