# **FOGSI Vice President International Conference**

# **TOWARDS ZER PRETERM BIRTHS**

**26th - 27th OCT 2024**

**Venue**

**Sheraton Grand  
RBM ROAD, PUNE**

# From the Conference Secretariat,

We cordially invite you to join us at the conference **“Towards Zero Preterm Births in India”**.

The escalating numbers of preterm births in India is a global concern, leading to significant morbidity, distress, and resource drain. The sentiment of being **‘Born Too Soon’** is at the heart of this focused meeting, which will explore all aspects of preterm births.

The preventability of many preterm births was recognized by our Organising Chairman, leading to the conception of this conference as the VP Conference in October, which is observed as World Preterm Month.

We all concur that risk stratification, early preventive measures, and rational therapies are the right approach to this issue of preterm births. Despite having a larger population than us, China has only half the number of preterm births that India does.

It’s time for us to collectively address this issue and work towards reducing preterm births in India. While **‘Towards Zero Preterm Births’** may seem like an ambitious goal, we believe that unless we aim high, we won’t be able to achieve our ultimate objective.

Our academic program is meticulously designed with workshops on perinatal genetics, imaging, and neonatal resuscitation.

We also offer a full-day simulation lab for essential skills, all packed into a concise two-day program.

Expert national and international faculty will deliberate in the meeting to share explicit knowledge, recent updates, and take-home essentials.

The aim is to translate these insights into meaningful clinical practice to ensure the safety of future generations. With recent updates and expert participation, this event promises to make an impact that will enrich our daily practices.

We urge you not to miss this opportunity. Please mark your calendars, contact us to express your interest, and plan to attend the entire program. We believe you will find it truly beneficial

# About Host City

Dear Esteemed Delegates,

We are thrilled to invite you to the vibrant city of Pune, a gem nestled in the heart of Maharashtra, India. Known as the "Oxford of the East", Pune is a beacon of knowledge and education, home to some of the most prestigious institutions in the country.

The city is not just an educational hub, but also one of the largest IT hubs in India. It is a significant automobile and manufacturing center, contributing significantly to the country's economy.

The city's attractions include the stately Shaniwar Wada, the tranquil Osho Ashram, and the Aga Khan Palace, known for its architectural excellence. The Sinhagad Fort, located atop a cliff on the Bhuleshwar range of the Sahyadris, is a popular destination for trekkers and adventure enthusiasts.

Pune has been ranked "**THE MOST LIVEABLE CITY IN INDIA**" several times, testament to its excellent infrastructure, safety, and quality of life.

We look forward to welcoming you to Pune, the Queen of Deccan.
